Alexandria, VA 22314

Key Contributions

- Engineering
- Safety Compliance
- Audits & Investigations
- Roadway Surveys, Studies & Research
- Transportation Planning
- Data Science
- Analytic Dashboards
- Traffic Patterns & Speed Management

Past Performance

National Park Service (NPS)

Conducted inventory of existing roadway signage and evaluated traffic patterns to provide recommendations for travel routes and signage.

U.S. Consumer Product Safety Commission (CPSC)

Evaluation of electric bikes, with particular emphasis on characteristics that are different from non-electric bikes and may present unique hazards that are not currently addressed by safety standards.

Client-Centric

Unique Approach to Problem Solving

Over 20 years of transportation safety expertise
